

the  
FUTURE OF OUR *food*

THERE'S A REVOLUTION HAPPENING

A THREE PART SERIES

## Panel Discussion

OCTOBER 11, 7PM

### LUISE LIGHT, M.S., Ed.D., CIH

Nutritionist, government whistle blower, writer and editor. Her new book, *What to Eat; The Ten Things You Really Need to Know to Eat Well and Be Healthy*, published by McGraw Hill, will be out in January 2006.

### LINDA SETCHELL

Rural Vermont's Program Director. Linda coordinates organizing, farmer outreach, and grassroots base building, as well as campaign strategy and strategic planning. She has 4 years coordinating experience at Clean Water Action New England.

### BRIAN TOKAR

Brian Tokar is the director of the Biotechnology Project at the Institute for Social Ecology in Plainfield, VT. He is the editor of two collections on genetic engineering, *Re-designing Life?*, and *Gene Traders*, and has published articles on many aspects of environmental politics and science.

### HALLIE WHITCOMB

Hallie continues to live on a farm that has been in the family for six generations. She recently retired from 14 years of running the Springfield Recycling Center.

*Film Showing*  
October 20, 7pm

## The Future of Food

**Deborah Koons Garcia**  
Director,  
Writer, Producer

This film offers an in-depth investigation into the disturbing truth behind the unlabeled, patented, genetically engineered foods that have quietly filled U.S. grocery store shelves for the past decade.

*Join us for refreshments following each event!*
